FAQs

Q: What if I start mid-semester?

A: Your first month will be prorated based on the number of lessons remaining. After that, you will move to the standard \$162 monthly rate.

Q: What if I discontinue lessons mid-year?

A: Upon withdrawal, we "square up" your account. If the total value of the lessons you've attended exceeds the monthly installments you've paid, a final balance will be due to cover the difference.

(See example - bottom left)

Q: My month only has 2 lessons. Why is the fee the same?

A: Your tuition is a flat monthly rate based on the total number of lessons for the entire year. Instead of fluctuating fees, we spread the cost into equal monthly installments to keep your billing predictable and consistent.

(See the above Breakdown chart)

Discontinuing Lessons Mid-Year Example:

Item	Calculation	Amount
Payment Made	\$162 x 2 Months	\$324
